**\*TEMPORARY REMOTE INFORMATION:** As shared in Dr. Brummett's earlier communication, Newington Public Schools will transition to a full distance learning model beginning Monday, November 23, 2020 and continuing through Friday, December 4, 2020. On or before December 4, Dr. Brummett will update all families regarding the instructional model that will be implemented after December 4.

During the distance learning model, high school students will follow the [block schedule](#) every day *except Wednesday*. Just like the current hybrid model, students will be responsible for fewer classes most days but the time spent on each subject will be extended. Students can expect to spend about 75-90 minutes a day (time in Google Meet and independent learning) on each class. Advanced, upper level courses at the high school may require additional time to meet curriculum expectations.

- Students are expected to log on live to each class via Google Meet using the block schedule used during the hybrid model. Attendance will be taken.
- Students are expected to have their cameras on to maximize connection with the teacher and other students.

- Although class time is scheduled for 78 minutes, teachers might not keep students online for the entire time. Instead, teachers may provide instruction for the first portion of the block period and use the remaining time for students to engage in independent, asynchronous learning or small group instruction (extra help).
- Students may be assigned additional work beyond the school day.
- *Wednesdays* will follow the [remote learning day schedule](#) currently in place.
- Students need to be “in attendance” even when they are learning remotely from home. Students can be considered as being “in attendance” for a *class* by attending virtual classes, completing assigned work, and logging into other electronic systems as required by the teacher. For state reporting, a student can be considered “in attendance” on a particular *day* if he/she has attended for at least half the school day.

What you need to do to be <i>present</i> for a remote class
<ol style="list-style-type: none"> <li>1. Sign on to the required Google Meet at the start of class</li> <li>2. Keep your camera turned on and your face visible</li> <li>3. Stay present throughout the entire lesson until your teacher tells you it is OK to log off</li> </ol>
If the Google Meet with your teacher is short, then here is what you need to do to be <i>present</i> for a remote class
<ol style="list-style-type: none"> <li>1. Sign on to the required Google Meet at the start of class</li> <li>2. Keep your camera turned on and your face visible</li> <li>3. Stay present until your teacher tells you it is OK to log off</li> <li>4. Complete and submit the work assigned by your teacher to the best of your ability by the due date set by the teacher. Due dates for all assignments will be clearly communicated and/or posted.</li> </ol>

**ACADEMIC UPDATE:** Our second quarter at Newington High School is underway and our faculty, staff, and administration continue to express pride in our students for their adherence to safety guidelines and their flexibility to adapt to our different models of instruction. The purpose of this communication is to share information about midterm and final exams and our retake practice.

**Midterms and Final Exams:**

For the 2020-21 school year, both midterm and final exams will be eliminated. After soliciting feedback and input from students, teachers and support staff, and Board of Education members, the school administration believes it is in the best interest of students to not prepare or sit for exams. Both teachers and students face several challenges at this time including high stress levels, ensuring security of exams in a remote setting, and the

need for as much instructional time as possible. Students enrolled in *some* UCONN/ECE and Project Lead The Way (PLTW) classes are required to complete midterm or final exams based on the requirements of the course. Teachers will plan to administer these assessments during the regular school day.

### **Retakes:**

Retakes have been a practice at Newington High School since the 2017-18 school year. The purpose of retakes is to allow students a second opportunity to relearn and reassess to demonstrate mastery. The following are guidelines for retakes at Newington High School, which will be updated on December 7, 2020:

- Students may request a retake for all end-of-unit summative assessments. However, this practice is not applicable in AP, UConn/ECE classes, some assessments where testing conditions cannot be replicated (for example, in a culinary class).
- Retakes are only available when a student has not demonstrated mastery of standards-based concepts and skills. Mastery is defined as an “87” or a “3” on most rubrics. Teachers will communicate to students if all or only portions of an assessment are eligible for a retake.
- The higher grade of two assessments will prevail however, the highest grade that will be entered into PowerSchool for the retake is an 87.
- Students must complete a retake request form. These forms are available from all teachers and are department-specific. Students can expect variability for retake eligibility based on the department and course.
- Updated guidelines (effective December 7, 2020) are posted on our website and can be found [here](#).

### **Work Expectations:**

We understand that this school year continues to be challenging for all students. However, we maintain high expectations for all students to complete work, meet deadlines, and put forth their best effort in all academic areas. Students are encouraged to always reach out to their teachers if there are extenuating circumstances that prevent them from meeting expectations and/or deadlines.

### **Message From the Health Office**

A reminder to all parents. If your child is out sick, you **MUST** get clearance from the school nurse **PRIOR** to sending your child back to school. Your child will need to see the school nurse prior to going to their first class upon reentry to school following an illness.

Here is the [Student Guideline](#) for you to follow if your child is sick.

Additionally, parents/guardians or students can not decide to Temporarily Remote their child/self for any reason. If a student chooses to log into a google meet, but is supposed to be in-person, they will be marked absent, but can remain in the meet to get their work. Parents/guardians should contact the school nurse should they feel their child should be temporarily remote.

**Chromebooks:** Students should bring their charged Chromebooks and chargers to school. If you students are in school and have an issue with their Chromebook, they may report to the library. Otherwise, [HERE](#) is the form to complete.

Thank you for your continued patience, flexibility, and support. Please feel free to contact the main office during regular operating hours (7:00 a.m.- 3:30 p.m.) if you have any questions or need additional information.

Sincerely,

Ms. Terra A. Tigno  
Principal
